The rate taken as basis of the reduction is, according to the case, either that applicable at the time of the Contract Agreement underwriting, or on the day of the risk aggravation or if this day cannot be determined, at the last falling due preceding the damage.

Article 16: DECLARATION OF THE ACCIDENT BY THE POLICYHOLDER

16.1. In case of accident, the Policyholder, or failing that the Insured, shall:

- a. Give notice of the accident to the Insurer immediately or at the latest within five days in case it is impossible to give notice immediately after the occurrence of the accident. Preferably notice of the accident shall be given via a registered letter or verbally against acknowledgement of receipt. In case of not giving notice, you will lose your right to claim. Should such accident be classified as theft, notification to the Insurer must be made within 24 hours after the theft took place.
 - b. Forward a conciliatory certified report along with the declaration of claim or when impossible, a later declaration made as soon as possible, bearing mention of the nature and circumstances of accident, its presumed or known causes, and when necessary, the name and address of the driver at the time of accident, the persons injured and the eyewitnesses, if possible.
 - c. Forward to the Insurer, upon receipt of any notices, letters, summons, appointment, extra-judiciary acts and procedure documents which would be sent, delivered or meant for himself or his agents, concerning the accident putting the Contract Agreement at stake. No negotiation, admission or repudiation of any claim may be entered into, without the Insurer's prior written consent. The Insurer shall have full discretion in the conduct, defense and/or settlement of any claim.
 - d. In case of damage caused to the Insured Vehicle (Covers A to E), inform the Insurer of the place where these damages can be verified, without proceeding with or undertaking any repairs prior to verification by the Insurer. This obligation terminates if verification has not taken place within fifteen days from the day when the Insurer was informed of the accident, after which the Insured may send a bill to the Insurer justifying the expenses incurred.
 - e. In case of accident suffered whilst the Insured Vehicle is being transported, the Insured shall send a notice of exception to the carrier and all concerned parties via registered mail, as well as extending such notification to the Insurer in the form of a registered letter within 3 days, for the pursuit of recovery against the parties liable.
 - f. In case of theft of the Insured Vehicle, immediately inform the local police and the office where the Certificate of Registration was issued. If the vehicle is recovered, the Insured must notify the Insurer within 8 days, and if so requested by the Insurer, to lodge a complaint to the prosecution department.
- 16.2. Failure on the part of the Policyholder or the Insured to comply with the obligations provided for in paragraphs 16.1(a) to 16.1(f), except for accidental case or force majeure, the Insurer has the absolute right to reduce his indemnity payment in proportion to the damages brought about by that failure.
- 16.3. When an accident gives rise to the death of the Policyholder or the Insured, it is the duty of the rightful claimant of one or the other, once he is aware of the said accident, to notify the Insurer according to the timeframe and form mentioned in 16.1(a) and to generally comply with various obligations above-mentioned, with reservation on the part of the

Insurer to reduce the indemnity payment proportional to the damage caused by that failure, except for mere chance or force majeure.

- 16.4. Should the Policyholder or the Insured or the entitled party of one or the other make a false declaration on the nature, causes, events and/or consequences of the accident, he/she would have entirely forfeited his/her rights to claim against that accident.

Article 17: ACCIDENT SETTLEMENT

1.) Provisions applicable to Damages to the Insured Vehicle

a) Damage assessment, expert evaluation

17.1 If the extent of damages cannot be determined by mutual consent, a conciliatory survey shall be called for, subject to the respective rights of the parties. Each of the parties selects one assessor; should the assessors thus nominated not be in agreement, a third assessor may be called upon. The three assessors shall work together by means of majority of vote;

17.2 Failure of one of the parties to nominate its assessor, or of the two assessors in agreeing on the extent of damage or in selecting the third assessor, the presiding judge of the people's tribunal shall carry out the nomination with the scope of the accident occurrence. This nomination takes place upon a simple request of the most active party.

17.3 Each party is liable for the costs and fees for his assessor, and should the case arise, half of the cost and fees for the third assessor.

b) Indemnity determination

17.4 Without being detrimental to the Provisions in paragraphs 13.1 to 13.7 regarding the declarations to be made by the Policyholder at the time of underwriting and during implementation of the Contract Agreement, the repayment of an indemnity, owed by the Insurer will correspond to:

- when the Insured Vehicle is entirely destroyed or out of use or stolen: the market value of the said vehicle on the day of the accident, with appropriate deductions to be made in consideration for salvage and/or any expenses incurred in locating or recovering the stolen vehicle, if any.
- when the damages are partial: the cost of repair or replacement of deteriorating component parts within the limits of the monetary value of the Insured Vehicle on the day of the accident.

17.5 This indemnity is based on the assessment provided for in paragraphs 17.3 to 17.5. It may not, in any case, be higher than the Sum Insured as specified in the Policy Schedule.

17.6 If the Sum Insured is less than the market value of the Insured Vehicle at the time of loss or damage, the Insured will not receive full compensation for the damage to the Insured Vehicle in the unfortunate event of an accident. The maximum amount payable by the Insurer shall be determined in accordance with the following Formula:

$$\text{Maximum amount payable by the Insurer} = \frac{\text{Sum Insured}}{\text{Market Value}} \times \text{Value of loss/damage}$$

17.7 All deductibles as specified in the Policy Schedule, if any, will be deducted from the final indemnity amount.

a) Settlement of Indemnity

17.8 The Policyholder, owner of the Insured Vehicle or any other persons having his express agreement will be directly indemnified by the Insurer upon presentation of the invoice.

3.) Provisions applicable to Defence and Recourse cover

a) Defence

17.9 The Insurer takes in hand the defence of the Insured in the presence of the criminal courts or a committee in charge of withdrawing driving licenses, to which the Insured would be summoned following the occurrence of an accident caused by the Insured Vehicle.

b.) Recourse

17.10 The Insurer agrees to enter into negotiations with or to prosecute in court any third parties held liable for the accident, in pursuit of recovering financial compensation for bodily injuries and/or material damages incurred to the Insured;

17.11 In these two cases the Insurer pays for the cost and fees for the investigation, expert and attorney, and the cost of lawsuit, but not for the additional fine and cost of the lawsuit.

17.12 The amount of the claim for damages is determined by an agreement between the Insured and the Insurer, who reserves the right not to prosecute the third party or to terminate the proceedings when he considers the claim untenable or the lawsuit destined for failure and also when he deems the defendant's transaction offers reasonable.

17.13 Any contradictions relating to paragraph 17.14 shall be resolved by arbitration. An independent arbitrator shall be nominated by common consent or, failing that, by the presiding judge of the local court where the Insured resides. Each of the parties accounts for half of the arbitrator's fees.

17.14 Should, despite the arbitrator's inferable notice, the Insured plead on his own accord and gets a more favourable outcome than that of the arbitrator, the Insurer shall repay him, upon documentary evidence and within the time limit prescribed by the Special Conditions, the expenditures accounted by him and which were not recoverable from the opponent.

4.) Common provisions relating to other insurance

17.15 Should there be any other existing insurance covering the same loss, damage or liability, the Insurer shall only pay the rateables proportion of any loss, damage, compensation, costs or expenses.

Article 18: DELAY OF INDEMNITY PAYMENT

18.1 Insurer shall pay insurance benefit within 45 days from the date of receipt of complete and correct documents related to the claim for insurance benefit.

18.2 Theft

In case of theft, the payment may only be demanded for by the Insured after a period of 30 days following the declaration of the theft.

When the Insured Vehicle is recovered after the theft, the proceedings for indemnity shall comply with the following rules:

- 1.) When the vehicle is recovered prior to the end of the period of 30 days above-mentioned: the Insured is bound by the Contract Agreement to take back the stolen vehicle, whereas the Insurer only pays for the cost for the damages and other specified expenses.

- 2.) When the vehicle is recovered prior to indemnity payment but by the end of the period of thirty days following the declaration of the theft: if upon the Insured's inquiry for an indemnity, the payment of which has not been executed by the Insurer, the Insured may either take back the vehicle in conformity with the previous paragraph 18.2(1), or leave the vehicle to the Insurer who shall pay the Insured the whole Sum Insured in respect of Cover "E" – Theft.
- 3.) When the stolen vehicle is recovered after the indemnity payment, the Insured may, within 30 days following the day when he becomes aware of the recovery, decide to take the vehicle back by means of indemnity repayment, with a deductible of a sum corresponding to the cost of damages and other specified expenses.

Article 19: SUBROGATION AND CLAIMS AFTER ACCIDENTS

- 19.1 The Insurer is subrogated up to the amount of an indemnity paid by him, in the rights and actions of the Insured against any person liable for the accident;

The Insurer may not, however, put in any claim against the ancestors and descendants, direct relatives, employees or any person usually living at the Insured's residence, except in case of malevolence committed by one of these persons

- 19.2 Should subrogation be no longer exercisable by the Insurer, due to an act or omission of act by the Policyholder and/or the Insured and/or their representatives, the cover may be terminated even when the subrogation could have been exercised.

ANNEX II NO-CLAIMS DISCOUNT (NCD)

Article 26: DEFINITIONS

28.1. The No-Claims Discount (NCD) is a bonus clause intended to reward policyholders who do not file for a claim within a given policy period, by way of a reduction in Premium payable for the renewal insurance policy.

The NCD structure is set out as below (Unless stated otherwise in policy schedule):

Year / Period	0 (new)	1	2	3	4	5	6	7
NCD rate	0%	15%	25%	35%	40%	45%	50%	55%

28.2. For the purpose of determining NCD rates, a “claim” shall be defined as a notification of accident or other similar incidents giving rise or possible rise to a claim submitted to the Insurer, accompanied by payment outlay or possible payment outlay for unresolved claims on the part of the Insurer regardless of the amount of outlay.

Article 27: DETERMINATION OF NO-CLAIMS DISCOUNT

27.1. Upon the expiry of an Insurance policy, the Policyholder’s NCD rate upon renewal will be reviewed as follows:

- In the event that no claims occurred during the preceding period of cover, the Policyholder’s NCD rate will move up by one (1) scale, up to the highest rate of 55% NCD;
- Each claim occurrence during the preceding period of cover which the Insured take liability on the accident, Policyholder’s NCD rate will be decreased as the below table:

The number of claims in the insurance year which the insured take the liability	Premium Increasing rate
1 claim	NCD will be decreased 2 steps
2 claims	NCD will be decreased 4 steps
Equal and above 3 claims	NCD will be equal 0 (Zero)

Policyholder’s NCD rate will not be decreased below 0 (Zero)

- For the purpose of this Article, any claim incidents that were resolved with no settlement outlay on the part of the Insurer, or where full recovery of all outlays had been obtained from a third party or parties shall be taken into consideration and the Policyholder’s NCD rate shall not be prejudiced by such claim incidents.
- 27.2. Should there be one or more unresolved claims involving the Insured Vehicle at the time of policy renewal, the NCD rate to be granted to the Policyholder upon renewal will be based on the lowest rate, taking into assumption that all unresolved claims shall be prejudiced against the Policyholder according to Article 26.2. Nevertheless, if one or more of these claims shall be invalidated by virtue of Article 27.1(c), the corresponding changes will be rectified and the policyholder will be reinstated to his/her rightful NCD rate, along with a refund of the Premium difference.
- 27.3. For the purpose of determining NCD rates, claims shall be recognized based on the date of accident as opposed to the date of settlement. All entitlements to reinstatements of NCD and/or refund of Premium difference for subsequent renewal policies shall be backdated to the date of the original claim accordingly.
- 27.4. Increases in NCD rates based on Article 27.1(a) shall only be granted for policies that were in force for a minimum coverage period of nine (9) calendar months. For policies

that were in force for a time period lesser than as mentioned, and provided that no claims were made during this time, the NCD rate upon renewal shall remain.

27.5. Any claim incidents during a given period of cover regardless of the length of coverage period shall be considered as a full claim and treated as such according to Article 27.1(b).

27.6. A claim under any one section of the Insurance policy shall be construed as a claim under the entire policy, and a similar NCD rate shall be affected upon all applicable sections of the policy. Nevertheless, claims under different sections of the Insurance policy but arising out of one claim incident shall be recognized as one claim incident.

Article 28: TRANSFERRING OF NO-CLAIMS DISCOUNT ENTITLEMENT

28.1. This Policy allows the Policyholder to freely revise, add, delete, or otherwise modify his/her coverage options from one Period of Insurance to another without prejudice to the NCD rate.

28.2. A Policyholder may, at his/her option, transfer his/her NCD entitlement to another vehicle to be insured under his/her name, subject to all of the above-mentioned. If the original vehicle is to remain insured with the Insurer, then the Insurer shall be entitled to the difference in Premium on the original vehicle as if it had a starting 0% NCD, but pro-

28.3. Should a policyholder surrender his/her old insurance policy with another registered insurer in Lao PDR, and this same insurance policy shall bear any existing NCD (or otherwise similar discount schemes), the Policyholder shall then be entitled to the next higher NCD rate as if the previous insurance policy were issued by the Insurer, and with no prejudice to be made with regards to prior claims history by the Policyholder.

For the purpose of this Article, a valid quotation for the renewal policy shall be considered proof of the Policyholder's NCD (or otherwise similar discount scheme) entitlement with the other registered insurer in Lao PDR.
